

PARAMEDIC PREPARATION and **REVIEW COURSE**

June 3, 2012 – August 5, 2012

(Excluding June 24 and July 29)

Sundays 0800 – 1700

This intensive program is designed to prepare the Emergency Medical Technician (EMT) for a Paramedic training program and to provide currently licensed Paramedics with a comprehensive review.

This course provides instruction on those areas found to be most difficult in succeeding in a Paramedic training program including, patient assessment, pathophysiology, electrocardiography (ECG), IV therapy, Injections, and prehospital pharmacology.

\$750.00 Tuition and Books included

Visit www.emstraininginstitute.com to register
